What to Expect From the Performer:

Performer arrives at your party. Costume will be concealed upon arrival. You will need to provide a clean, safe, and private place for them to change into costume. (No rest rooms please) – If this is not possible we must know ahead of time as to make other arrangements.

The Character will start the party and will do approximately a 15 to 20 minute sing along program where they will march, dance, and sing easily recognized children's songs to music, such as "If You're Happy and You Know It", Hokey Pokey, etc. A great feature of our program is that unlike Theme Parks the characters actually talk to the children! All the children will be participating at once. At the end of the Sing-Along Program you may take pictures with your camera with the children and the character together. The performer in the costume then goes into another room; changes completely out of the character costume and into brightly colored entertainer attire.

Changing will take approximately 7 minutes. During this time you will have the children play a game of "Hot Potato" where we will supply the winner's prize and items to do the game.

When the entertainer comes back into the party room (while playing back ground music on a music box and supplying a coloring contest to keep everyone occupied) the entertainer can perform the following items: balloon sculptures (crazy hats, hearts, animals, and swords), face painting (cheek or hand art – not full face which sounds great on paper but doesn't look all that good on your furniture), temporary tattoos. If the majority of children are age 4 and above you can include a magic show for an additional \$10.00 added to the cost of your program.
